

Institute of Cellular Biology and Pathology

Post-doctoral/group leader position available

The ***Institute of Cellular Biology and Pathology (ICBP)*** of the 1st Faculty of Medicine, Charles University in Prague, is looking for a motivated young post-doc who acquired his PhD. degree in 2005 or later, with considerable experience in cryo-EM (single particle analysis, tomography) in structural biology. For further information please visit the web page <http://lge.lf1.cuni.cz>. Candidates capable of leading an independent research project may be offered a group-leader position. We offer a competitive salary according to local standards in a well equipped laboratory for both fluorescence and transmission electron microscopy. The position will be available starting 1st June, 2012.

To apply, please contact Prof. Ivan Raška with your CV, a letter of interest, a summary of research experience and the names and e-mail addresses of 2 references.
